Hello Folks,

I've got great news. HB559 was finally killed once and for all at this afternoon's legislative session.

As you know our concern was that some rep. would ask that the bill be taken off the consent calendar and debated on the floor and a vote in favor would have damaged Fish & Game.

Mr. Bill Carney worked "overtime" asking our legislators to prevent this.

Fortunately, the bill was NOT debated and was voted to be killed. I know I've said it before but if you see Bill Carney, please give him a big Thank you!

And now for a shameless plug. I learned yesterday that I will be laid off effective this Friday. If any of you have a need or know of someone who has a need for someone with my skill set (marketing/sales), I'd love to talk to you!

Best Regards,
