Clay Shooting

The traps are now fully functional and available for use to all members who have attended a Trap Operation and Safety session. The schedule of the Trap Operation and Safety sessions will be communicated at the general meetings.

The 100 yard range will now serve a dual use (rifle and shotgun). The following schedule will be followed, if there is a conflict in the use of the 100 yard range.

Clay shooting will take precedence at the following times:

- **Sunday 1:00 PM to 5:00 PM**
- **Tuesday 4:00 PM to Dusk**
- **Wednesday 4:00 PM to Dusk**

Rifle shooting will take precedence at all other times.

This schedule will be revised in the fall in order to accommodate the demand for sighting in rifles prior to hunting season.

The cost is \$4.00 per round (25 clays) for members and guests. For those guests under age 16, there is no charge.

Thank You!
